Capital over $165,000—in Cash and Premium Notes.
THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State.

IMPORTANT TO THE PUBLIC!
THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:
"PLANING MACHINES.
"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Kugler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one in use is of any value for the purposes contemplated.
I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.
JAMES G. WILSON,
May 19, 1849. Philadelphia."
I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well, or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St, East Boston, Mass, or at such other place as may be convenient for such a trial.

JOHN DWIGHT & CO'S
SODA SALÆRATUS
MAY be found at the Sugar Warehouse of Goodrich & Hunter, No. 42 East water-st.
The attention of the public is called to this article as being superior to Pearlash Saleratus in its effect—giving cookery a more delicate appearance and flavor; and also as more wholesome—Soda being more congenial to the human system than Potash. It is more economical than Pearlash Saleratus—a less quantity being required to produce the same effect. The article is put up in pound papers with full directions for use.
Also may be found, John Dwight & Co's
Washing & Cleansing Powders,
which will be found, on trial, a very superior article, saving much labor of washing Clothes, &c. It will soften hard water. To Engineers and Machinists it is invaluable for removing grease from Machinery and other iron works leaving the iron perfectly dry, and not liable to rust.
Directions for use are printed on each package.

EDITORIAL CORRESPONDENCE OF THE SENTINEL

MADISON, JAN 31

The exclusive topic of conversation this morning is the collision last evening between the Lt Gov, and Beriah Brown, editor of the *Democrat* The facts seem to be these, as near as I can learn them Mr Burns after seeing the article in the paper charging him with gross corruption relative to the school lands, went to the *Democrat* office and enquired for the editor Not finding him he went into Fairchild's store, in the first story of the building stating that he was waiting to hear Brown go up stairs Presently the door opened and in walked the person looked for He did not sit down, but was turning to retire, when Mr Burns touched him to call his attention, and addressed him, saying words to the following effect —"I haven't spoken to you for 3 years, and didn't suppose that I ever should again Are you the writer of this article?" (pointing to it) *Brown*—"Yes" *Burns*—"By what authority?" *Brown*—"That of the School Commissioners" *Burns*—"That's a lie—they never gave you any such authority"

Something very near these words, according to an eye witness, passed between them, the Lieut Gov tapping his opponent on the breast as it went on until Mr Burns told him that he meant to give him a flogging, and struck him They went at it hammer and tongs Mr Brown getting very much the worst of it but Mr Burns receiving some severe scratches in the face and the considerate bystanders did not interfere until the fight was about over There is said to exist an old feud between the two nourished for years

So far as the charge of the *Democrat* refers to the iniquity in the *appraisement* I am informed that Mr Burns had nothing to do with it, his duty being that of *locating* the school lands But that is "neither here, nor there" This method of settling difficulties might have been highly appropriate in the western country once if people so esteemed it but the progress of years has brought about a state of things when it is not looked upon in that light

Among the items of interest this morning in Assembly was the action of the Committee on elections relative to the contested seat from Lafayette Co They reported that Mr Murphy, who had received the certificate, and taken his seat, was so far satisfied that his contestant, George W Hammett, did actually receive the largest number of votes, that he was willing to withdraw from any further contest A stickler for formalities might have prolonged the examination and postponed a decision and Mr Murphy's honorable course in withdrawing, was so far appreciated by the Assembly as to elicit a unanimous vote of approval in the shape of a resolution drawn up by Mr Worthington Mr Hammett was sworn in, and took his seat He is an independent Democrat, elected mostly by Whig votes

As was expected yesterday, the Senate amendments to the House resolution, *approving* of the Governor's so-called veto, and calling upon the President to intercede in behalf of the Irish Exiles, came up after the morning business The Senate it will be remembered, by a strict party vote, except that Mr Wakely, to his great credit voted with the whigs amended the House resolution of justification into a resolution of censure, and also substituted the series returned by the Governor for the ones passed by the House as better calculated to accomplish their object

Mr Lewis took the lead in moving to concur with the Senate arguing that the course of the Governor was unwarranted inasmuch as it was in effect telling the Legislature which passed the resolution that they did not entertain any such opinions as they resolved that they *did* entertain He hoped the House would be consistent with itself and insist on its original resolutions, now that they had come to them again from the Senate Mr Lewis was the only speaker on his side of the question

Col Bothkin led off against concurrence He hoped the House *would* show its consistency, and stand by its action of yesterday He gave a plain statement of the course taken by the House and by the Governor, and reminded the members that when the Governor's Message came back, it was *unanimously* sustained, and a new resolution *unanimously* passed Now, the Senate asks the House to censure the Governor This course would be inconsistent and disgraceful, and he hoped it would not be taken

Mr Shafter spoke earnestly upon the subject He said that he did not like to trouble the House often with remarks, but he could not sit silent, and see what he could not but consider a deliberate insult committed upon a body which had honored him by choosing him to preside over its deliberations He was for righting such wrongs where they are given, were it in the very court of Heaven, The act of the Governor was *not* an interference with the rights of the Legislature but a plain respectful setting forth of reasons why he could not perform an act which the Legislature had requested him but had no right to require him, to perform According to the doctrine of the Senate the Governor is supposed to be under obligations to perform any act of the kind indicated however objectionable, without having the power, which every individual is entitled to, of declining in respectful language, for reasons given The resolution proposed by the Senate would operate directly against the object sought

Mr Peak moved to postpone till 4th of July — He thought that the idea of foreign intervention was supremely ridiculous for our country We had better attend to our own concerns, for any demand of the kind from us, looked too much like Satan rebuking sin (The motion was not entertained)

Messrs Sholes and Mott spoke briefly and eloquently to the point against concurrence

Mr Earnest called attention to the inconsistency of Mr Lewis' present action in desiring the passage of resolutions which he knew were not fit to go before the English ministry to prefer their request An allusion by Mr Donaldson to the evident political character of the action of the Senate, was misunderstood by Mr McNaughton, as a slur upon the democrats of the House, and he defended their motives and character very earnestly Mr Utley rose, saying that he felt very badly (his looks expressed it) at these early family jars between the parties so happily wedded a fortnight since The "immortal six" would be obliged to take part with either the bride, or groom, and he hardly knew which was which, but they would stand by the Governor in this matter

Various motions were made to stave off action of which you already have the record A motion by Mr Hasse, for the previous question, was sustained and the vote was taken The House, without distinction of party, refused to censure the Governor, *only seven* voting in favor The seven to be sure, are "democrats," but they are so largely in the minority that it is not worth while to quarrel with them The House then refused to substitute the Senate's objectionable series for its own, by Ayes 12 Noes 19 The Ayes were Messrs Cate Graham Green, Hackett, Hoyt Knoell, Lewis McKee Monroe, Peak Pierce, Strong, all democrats again but of the 19 Nays there were 11 of the same party The Free Soilers voted right each time The comparative unanimity of the House upon this subject, makes the rebuke of the partizan action of the Senate, all the stronger and I am anxious to do justice to the majority of the opposition members of the House who have thus far shown themselves to be above all demagogueism Perhaps I should say, that, as to Mr Hackett's vote on the second record, it seems to have been so recorded partly in joke, on account of a hint thrown out by Mr Donaldson that some "democratic" capital was to be made out of it I doubt whether Mr H was in favor of the concurrence which he voted for,

Resolutions, to be passed by the House separately, asking the interposition of the President were introduced by Col Bothkin and laid on the table for future action

They were taken up after rising from committee in the afternoon, and action upon them pressed A report had reached the House that the Senate had directed its sergeant to be sent off at once and the general desire was to send those of the House at the same time Several members wished to put off action upon them for the present stating that they were in favor of all or a portion of them and among these were Messrs Hoyt Lewis Hackett, and Van Nostrand Several were excused and the vote was finally taken with the result as given in the report prepared for the telegraph but which I enclose as the severe storm has put a stop to communication

The Lieut Gov was not in his seat to day It is said that he is somewhat marked in the face — Mr Brown has been out but is considerably bruised The *Democrat* to-night reiterates its accusations

W H W

A Great Monopoly.

In his message Gov Farwell takes a decided stand in regard to grants of lands by the General Government to Incorporated companies for aiding in building up internal improvements The Whig press hail this as a new principle It is not so Opposition to the Federal Government engaging in works of internal improvement has always been a cardinal principle of the democratic party, and the granting of lands to these companies is but an extension of that principle — In another light this opposition to such disposition of the public lands is a part and parcel of the creed of the land reformers more or less of whom belong to the regular democratic party, particularly in this state —*Watertown Register*

If it be true that opposition to the wholesale grants of Public Lands to chartered companies is a cardinal principle of the Democratic party" it is one of that very large class of principles which they are ever ready to *profess* but never ready to *practice* Certainly Gov FARWELL is the first State Executive to our knowledge who has come out openly and boldly in opposition to the policy of such grants A striking illustration of the democratic practice in reference to the Public Lands, is to be found in the recent action of Congress on the subject of Land Warrants In both Houses of Congress the democrats,' so-called are largely in the majority, and one of the very first acts which passed the Senate and is destined to pass the House, is that making Land Warrants *assignable* and thus facilitating and encouraging this very monopoly and speculation in the Public Lands which the 'democrats" are so fond of declaiming against

Well-Merited Rebuke.

It will be seen by our Madison report of Saturday's proceedings in the Legislature, that the ASSEMBLY, by a most emphatic vote, and without distinction of party, administered a scathing rebuke to the Senate, for their undignified and unworthy course in the matter of the Irish Exile resolutions The action of the Assembly is not only a triumphant vindication of the Governor's straightforward course, but is in every respect creditable to the manliness and fair dealing of the popular branch of the Legislature It does not require a second glance at the two series of resolutions to satisfy every unprejudiced man that the Governor and Assembly are indisputably right and the partizan majority of the Senate utterly and indefensibly in the wrong in their respective proceedings on the subject We confess our surprise that "grave and reverend" Senators should have been betrayed by party feeling into such a glaring breach of courtesy towards the Executive and the Assembly

FRAUDS UPON THE SCHOOL FUND —The Madison *Democrat* of Saturday thus reiterates its charge in relation to the inadequate, or corrupt appraisal of the School Lands in La Crosse Co —

We yesterday called the attention of the legislature to this subject in connection with the 500,000 acre grant Here is a case in which we know the state to have been swindled in the location of these lands, we further know that Timothy Burns received from the legislature of 1851, $620 for locating a portion of these lands We know that in 1850 Peter Burns, a brother of Timothy, received over $120 for locating state lands We know that in the sale of the La Crosse lands valued at from $20 to $30 per acre the Burns family appear upon the records as individual pre-emptors to a very large amount at $1 25 per acre Now here is a fraud upon the school fund of great magnitude and some party is the perpetrator We make and have made no specific charges against any individual and if the legislature is willing to present the whole facts in a proper light we will not — But if the public cannot be enlightened thro' that source, we are not to be deterred by influences from exposing fraud and corruption in high places When we said we had no confidence in the honesty and integrity of Timothy Burns we hazarded no opinion not supported by facts within our own knowledge

The *Argus* warmly denies that the Lieutenant Governor was in any wise a party to the alleged fraud We presume that the Committee charged with the investigation of these various reported frauds upon the School Fund will probe the matter to the bottom and spread the whole facts before the public, let who will suffer by the exposure

MORE RICHMONDS IN THE FIELD —The Washington *Republic* of the 24th ult, contains the following paragraph relative to the doings of the recent Union Convention in Alabama

By a telegraphic despatch dated at Montgomery Alabama, on the 21st instant we learn that the Union Convention has adjourned, and that a Union National Convention was recommended to convene in Washington in June next The Hon Jeremiah Clemens of the United States Senate, Dem, and E T Belser Esq Whig were appointed delegates at large from the State

This is very much such a movement as was attempted, in behalf of Capt TYLER, near the close of his accidental term and will in all probability have a similar termination The Tyler Convention, at Baltimore, in 1844, was an abortion and so will this "Union National Convention" prove

LEGISLATIVE OFFICERS.—The Sentinel denies that the Assembly has a double set of officers — The denial holds good as to the clerks, but there are two messengers, two doorkeepers and a fireman What the latter functionary has to do now that the capitol is heated by a furnace, attended by the superintendent of the capitol we are at a loss to determine —*Watertown Register*

If the Assembly have any superfluous officers, it is their duty to "retrench" them, forthwith We presume that the members of that body are aware of the popular expectations on this point and will not disappoint them We are quite certain that they do not employ a "fireman," or any other officer, unless he has something to do

LEGISLATIVE PROCEEDINGS —Our associate at Madison keeps us and the readers of the *Sentinel* well posted up as to matters and things at the Capitol Our Legislative reports and Madison letter this morning are unusually full and interesting

SUDDEN DEATH —The Rev M V TREMAINE of East Troy, died suddenly of an attack of Apoplexy He was attending to the duties of his calling up to 2 o clock on Sunday last, Feb 1st, and at evening was a corpse He leaves a large circle of friends and acquaintances to mourn his loss

MEETING OF THE BOARD OF TRADE —We understand that a meeting of the Board of Trade is to be held at their old room in Dickerman's Block at half past 2 o'clock *to day*, to take some action with a view to secure a regular Line of first-class steamers between Buffalo and the ports on this Lake during the ensuing season of navigation — A full and punctual attendance is requested

LOUISIANA U S SENATOR —The Legislature of Louisiana, now in session have elected J P BENJAMIN a distinguished Lawyer of New Orleans, a U S Senator from that State Mr BENJAMIN is a native of Connecticut, a gentleman of high principles, and an uncompromising Whig He succeeds Mr SOULE Democrat

FIRE IN CINCINNATI —The extensive White and Red Lead, Paint, Oil and Cider Vinegar Factory of Messrs Conkling Wood & Co in Cincinnati was burned on the 22d Loss $30,000 insured for $12,500.

Messrs Editors

A friend of mine in this city told me to day that the Welsh have not got enough voters in the United States to command the sympathies of the citizens of the U S Mr Editor I am very sorry to hear that the sympathies of the citizens are dependent on the number of votes they can command I was in hopes that the citizens of the United States had a real, humane sympathy with the oppressed the world over and among the oppressed and exiled I invoked their sympathies for the patriots, JOHN FROST ZEPHANIAH WILLIAMS and WILLIAM JONES who were exiled years before SMITH O BRIEN and his co-patriots [illegible] to seniority they ought to come first for the sympathies of our citizens and Legislators But if we are deficient in numbers I will use my best exertions with my countrymen down East to induce all the Welsh to emigrate to the State of Wisconsin to increase the number of votes so as to command the sympathies of the Assembly if not the Senate Mr Editor, I am [illegible] I know that perseverance will prevail in the end — I expect to have the vote and influence of Mr Cass in the House of Assembly as I needed him

NUMBER ONE'S BALL —The first Annual Party of Milwaukee Engine Company No 1, is to be given at Young's New Hall, *to-morrow* (Thursday) evening This Company is the oldest one connected with the Milwaukee Fire Department, having been organized in 1838 and always maintained a high character for promptness, efficiency and good conduct They have done the City repeated service, and have been largely instrumental on many occasions, in checking the ravages of the Fire This is their first appeal, in return to the public whom they have served, faithfully and well, for fourteen years. They intend that their Festival shall be worthy of the patronage they invite The large and magnificent Hall in Young's new Block will be handsomely decorated and brilliantly lit for the occasion SCHLOFMILCH's band of eleven performers will send forth their most inspiriting strains Professor BAILEY will superintend the dancing and call the figures. The Stewards of the Company will provide the "creature comforts," and in the Confectionery Department have invoked EMERY's all-important aid — In short, no pains will be spared to render the entertainment complete in all respects One thing only is lacking to ensure its perfect success, the countenance and patronage of their fellow-citizens especially the ladies As they hope to have deserved them, they anticipate with confidence a numerous and brilliant attendance at their Ball Shall they be disappointed?

TEMPERANCE MEETING —The meeting of the friends of the "Maine Liquor Law" at the Free Congregational Church, on Monday evening was well attended and the proceedings quite harmonious The sentiment of the meeting was very strong in favor of making the same experiment in this State, and great confidence expressed that such a law could and would be enforced Steps were taken to canvass the city and obtain signatures to petitions asking for the enactment of the Maine Law The record of the proceedings will be found in our columns

HANDSOME PICTURE FRAMES —Mr NIEDECKEN, at his store on East Water-st (Heide's Block) has a very choice assortment of gilt frames for pictures, engravings &c He has just framed a handsome plate of the Yacht *America*, for our editorial sanctum in a style that cannot be beat as [illegible] may satisfy themselves by calling on him

☞ The Eastern Mail got in early yesterday afternoon but brought nothing from beyond Chicago

SEVERE STORM —Our thaw which had made the roads quite muddy, was overtaken by a snow storm last evening and up to the time of writing (Saturday noon) it still continues to fall There must be at least one foot of snow with a fair prospect of more which will make better sleighing than we have had this winter.—*Sheboygan Mer.*

GEN. JAS. WILSON ON CALIFORNIA.

Gen Wilson formerly a member of Congress from New Hampshire but now a citizen of California writes to a friend in the Granite State as follows —

SAN FRANCISCO, Dec 1 1851

This is now December At the time of this present writing the ground in my old native State is all frozen up solid your houses are all banked up snug your fires are lighted and kept briskly burning in your occupied rooms your cattle are housed and are consuming the result of your last summer's labor, your people are wrapped up in great coats, mittens and buffalo robes to keep from freezing snow is flying, and you have all the indications of a hard cold, forbidding winter Now mark the contrast Here I am writing to you in a room without a fire—neither snow, nor frost outside cattle are ranging at large upon the hills, new grass and wild oats are up rank and green our farmers are hitching their oxen to the plow while you are hitching yours to the sled This is our spring time and in fact, it is spring and summer here all the time We have the most delightful climate in the world It is incomparably fine and has been so ever since I arrived here, more than 14 months ago We are expecting a rainy season and shall have it but even during this season we have a great deal of fair, beautiful weather — It can rain here when it tries as you never saw it rain in your life it pours down from the clouds in sheets rather than drops

We have also a rich and productive soil easily worked, and a good market for every kind of vegetable If people would come to California with any thing like reasonable hopes and expectations if they would bring with them the habits of industry, economy and perseverance, if they would steadily apply themselves to farm labor and be satisfied with reasonable returns, in due season they could not fail of success But they do not, and will not, come here with any such views. If they had some little sense when they left home, it is all gone when they get to California The glitter of gold bewilders them and nothing but a desperate adventure for a fortune will satisfy them

Your eastern people have entirely erroneous opinions about California The common idea is that if a person can only get to California he has nothing to do but to scrape up the gold by the shovel-full until he satisfies all the cravings of avarice The adventurer to California starts with this opinion—his mind is all absorbed in thoughts about linen sacks, buckskin bags and close purses to hold his gold—he is anxiously contriving how to pack, keep, and safely transport his precious yellow dust. His beautiful reverie is never for a moment disturbed by a doubt of his getting it

It is a great and fatal mistake It is enough of itself to blast the prospects of nine out of 10 of all the people who come to California The stern experience of the practical miner, soon dispels the error, and the poor, deluded adventurer is discouraged disheartened and mortified—he loses his energy and fortitude—he sickens and dies

I have seen many such cases and I dare not advise any of my numerous correspondents to come to California *Those who stand well had better stand still*

COMMISSIONERS OF PUBLIC WORKS —This is a question exciting much interest Several gentlemen have been named in the papers for this important place Among others we hear the name of John Bannister, of Fond du Lac, mentioned as a candidate for Member of the Board of Public Works We like this suggestion Mr Bannister is a man of unimpeachable integrity, is deeply interested in the progress of the Improvement, and is a thorough business man No better member could be selected in the State

We have an abiding love for our party and never like to hear a suspicion against the Democracy, but on a work like the Improvement, being of State-wide interest affecting all parties alike, we think it would be for the good of the work to have both parties represented in the Board We would like to see a good liberal Whig chosen as one of the Members And as a candidate of this party we know of none more worthy, by talent honesty and interest than Bertine Pinckney Senator from this District —*Oshkosh Democrat*

THE LOST CHILD AGAIN —Our town was thrown into a great excitement yesterday in regard to Mr Partridge's lost child The Brothers [illegible] claim the child and sued out a writ of *habeas corpus* before Court Commissioner [illegible] to force it over Sheriff Kimball served the writ and brought the child to town yesterday The case is to be tried to-day

It has created a great deal of excitement The Indians claim it as the Indian child and Mr [illegible] the Indian agent insist that it is the Indian woman's child The Partridges and friends and whites generally insist that it must be a white child and Partridge's After it was washed [illegible] cut and combed [illegible] the daughter of Mr Partridge the likeness was very striking —*Oshkosh Democrat* Jan 29th

FIRE AND DISTRESSING ACCIDENT —The fire last evening was in the small wooden buildings close to Mr Scott's Warehouse on the River Mr Nagle kept in one of the buildings, a kind of grocery and boarding house, which was entirely consumed He was insured $400

William T Traverse, a young man from Rhinebeck, N Y, in the employ of Mr Alexander Walters cigar maker who was running with Engine No 1 was instantly killed at the foot of St Clair street, on the dock It seems that the engine had got under such headway in going down the hill owing to the ice that it was found impossible to check her Mr Traverse retained his hold of the tongue, and was jammed between it and a stack of railroad iron, and crushed to death instantly — He will be buried to-morrow at the expense of Fire Company No 1 with firemen's honors —*Cleveland Plaindealer 28th ult*

THE STATE TREASURER'S BOND —The difficulty with Mr Blossom is about to be settled by the State Treasurer procuring other securities and releasing Mr Blossom This should have been done in the first place, and would have prevented much of the ill feeling engendered —

Much censure has been heaped upon Judge Hubbell in this matter and we think unjustly as he was strictly in the line of his duty, and could not do otherwise than grant an injunction where sufficient proof was brought before him Whatever may have been our personal feelings respecting Judge Hubbell heretofore, we think in this matter he has strictly followed out the proper course as a Judge of the State The settlement of the affair in the way proposed will relieve the public mind from further agitation on the subject —*Watertown State Register*

BEARS IN THE WOODS —A German living in town 16, some 7 miles from this village, was going through a swamp one day last week with an axe on his shoulder, came on to the track of some animals he knew not what, which out of curiosity he followed to a hollow tree where to all appearance they were sheltered He cut the tree down The old bear showed her head and he despatched her with the axe after which two cubs about half grown were despatched in like manner, and all this time we are told, he did not know what they were He brought them to town realized some $15 for the three —*Sheboygan Mercury*

THE LIQUOR LAW IN MASSACHUSETTS —Yesterday the mammoth petition in favor of the Maine Liquor Law" was presented in the House by Mr Smith of Chelsea The petition was wound on a roller, and was in circumference about the size of a barrel head It was brought in by some of the active friends of temperance and placed in the area in front of the Speaker's chair The house and galleries were densely crowded with spectators, who appeared to take great interest in the presentation —*Boston Atlas, 22nd ult*

A HEAVY BUSINESS —One of our lumber dealers informs us that he has contracted for and shall have ready to ship, by the opening of navigation twelve hundred and fifty cords of shingle bolts and one million of shingles together with a large quantity of lumber Our lumbermen are doing a heavy business this winter, and more lumber will be shipped from Green Bay and vicinity, next season than has been any previous year —*Green Bay Advocate*

MADISON HOTEL This House has just changed hands Messrs Wm Welch Esq and Peter Van Bergen are the successors of Mr Weed The retiring landlord carries with him the good wishes of a host of friends, and the new proprietors bring with them the advantages of being well acquainted with the business have the reputation of being gentlemen in every essential particular, as well as for strict integrity as men of business We wish them good success —*Madison Argus*

MIRRORS EXTRAORDINARY —We learn that the Messrs Leland have ordered through Pollen & Colgate, one hundred and twenty Belgian mirrors, for their great Metropolitan Hotel —Two of these mirrors are the largest ever imported into this country, and will doubtless astonish every beholder The Metropolitan will be more like a palace than a hotel —*N Y Tribune*

☞ IN CONSUMPTIVE SYMPTOMS, Procrastination is the thief of time, in an awful sense, as it shortens existence, and hurries the patient from time to eternity

Thousands are dying whose lives might be saved by the timely use of WISTAR's BALSAM OF WILD CHERRY A few weeks, a few days, may make a fatal difference in the progress of CONSUMPTIVE SYMPTOMS

The chances of success increase greatly with the earliness of treatment Although in cases, seemingly desperate, Wistar's Balsam has performed cures that are seemingly miraculous, still it is advisable to take the Balsam on the appearance of the first symptoms

CONSUMPTION, of all diseases, is the one that should receive early treatment Every hour of delay may make the case more difficult In the war between Disease and Nature, the sooner we assist Nature, the more certainly will she win the victory If we wait until Disease has broken the constitution, our aid may come too late for service

DAILY SENTINEL.

Kossuth at Cleveland.

Cleveland, Feb 2

Mayor Case introduced Kossuth to the multitude from the balcony, and the distinguished guest very briefly returned thanks for the kindness of the people. Hearty cheers and Kossuth retired. The Weddell House, O'Reilly's Telegraph Office, the True Democrat and Plain Dealer Offices were brilliantly illuminated. Late in the evening a German association bearing torches, accompanied by the German Band and German Choir, serenaded Kossuth in front of the Weddell House.—He appeared at the window, returned thanks and was loudly cheered. On the next day Kossuth was also introduced to the people from the balcony of the American Hotel, and addressed the dense mass before him for near an hour. At two o'clock the Court House was filled to hear him. The Mayor presented tickets $3 per head. The greatest enthusiasm prevailed.

After one or two presentations Kossuth was addressed by J. C. Vaughan of the True Democrat and Judge Starkweather. Kossuth replied in one of his eloquent speeches. M. C. Younglove then presented to him an address from the ladies of this city, which Kossuth replied to the ladies. Hon Mr Millett, Chairman of the Legislative Committee to invite him to the Capitol, then addressed him, and presented him with a copy of the resolutions of the Legislature.

Kossuth replied, disclaiming all praise for what he had done, as he had only done his duty, and speaking in terms of high praise, of the action of the legislature in their resolutions for non-intervention. The band then played Hail Columbia and the Marseilles Hymn, when the throng dispersed.

Kossuth speaks this evening to ladies' Hungarian Association. He will probably remain one day longer.

Arrival of the Prometheus.

New York, Jan 30

The Prometheus steamer arrived to-day from San Juan. She left there on the 19th, and left the United States Steamer Saranac and Sloop of War Albany in that port, and the English Steamer Arrogant and Brig Express. She brings three hundred passengers and $600,000 gold dust on freight and $800,000 in hands of passengers.

Buffalo, Jan 30

The execution of Hiram Knickerbocker, for the murder of Karl Hackner, on the 20th of Jan 1851, took place in the jail yard in this city to-day. He was visited at an early hour by Rev Dr Thompson, Rev Dr Chester, Rev Dr Roby and several other ministers. His mind appeared easy, he entered with energy in the religious exercises, and seemed to give much attention to his spiritual advisers. About 11 o'clock about 100 persons had assembled in the jail yard to witness the execution. The scaffold was erected in a corner of the yard, opposite the jail; it was a rough frame of timbers, with a flooring about 10 feet from the ground. He ascended by a flight of wooden steps. The trap door or drop was opposite the jail. It was kept up by a rope drawn tightly through the block and made fast to the bottom of one of the poles of the scaffolding.

The drop fell upon the cutting of the rope. It was covered by an awning which extended over the entire end of the yard.

An immense concourse of people had assembled outside of the walls to the number of 2000.

The District Attorney Williams arrived at twenty minutes to twelve and delivered to the Sheriff the certificate of the Governor for the carrying out of the sentence of the law. At three minutes past twelve the procession moved from the prison to the scaffold. The prisoner walked with a firm step between Sheriff Farnham and Deputy Sheriff Hurlbut.

He was clad in a white shroud over his ordinary suit of black clothes, with boots and rubbers over them and a white cap on his head. His hair was carefully combed, and his countenance very pale and wan. His eye had at first a calm look. He ascended the steps without assistance, and with a quiet step, accompanied by the Rev Dr Chester and Sheriff and Deputy Sheriff and Mr L Pierce.

After speaking for a few seconds with Dr Chester he faced the crowd beneath him, and spoke nearly as follows:—"I never killed Hackner. I am innocent; you are hanging an innocent man unjustly.—If the Governor knew what I know myself, he would not have hesitated to commute my sentence, if not to have pardoned me. I cannot account for the murder except that I lost my presence of mind. I am about to suffer unjustly." Here Knickerbocker turned to those by his side and said, "I feel it is so, this is the truth." He then continued addressing the people—"God will judge between me and my accusers. I am thankful for the knowledge I have received from Mr Clarke the Jailer and the Rev Mr Chester and the officers." He spoke a few minutes longer, when the District Attorney, in front of the scaffold, read the warrant for the execution in a clear voice.—Towards the last his countenance changed. His lips were very white.

He was frightened at the noise of the mob outside and visibly affected.

His last look upon the world was then taken, and the cap was drawn over his eyes. His neck was encircled with the fatal rope and at 12 minutes past 12 the cord was cut, the drop fell, and as the body fell his neck appeared to be instantly broken. The muscles were contracted.

After hanging the usual time, the body was cut down and placed in a coffin, and delivered to his friends.

Fatal Affray.

Madison, Indiana Jan 28

M C Garbon, editor of the Madison Courier, was stabbed this afternoon in three places by Hamilton Hibbs, which proved mortal. He leaves a wife and three children to mourn his unhappy end.

The principal cause of this melancholy occurrence, was a bitter feeling of animosity, which has existed between two factions of the democratic party, Mr Garbon leading one of them, and Senator Bright the other. Mr Hibbs, being a personal friend of Senator Bright, espoused his cause. The affray occurred in front of the Courier office.

Washington, Jan 29

SENATE.—The resolution offered by Mr Cass, yesterday, was debated at length and finally laid on the table.

Mr Foote's compromise resolutions were then taken up and debated until the Senate adjourned. (A great day's work!)

HOUSE.—The amendments to the Mexican Indemnity bill were rejected.

The Committee of the Whole reported a bill appropriating $6,000 for the relief of the Lopez prisoners in Spain, which was adopted.

Pittsburgh, Jan 30

The Gazette has been authorized to deny statements that the Sublime Porte protested against the return of Kossuth to England. When the United States first demanded the liberation the Sultan did not yield because he believed Kossuth's liberation was to be effected on condition of going to America. The Sultan declared that he would protect Kossuth against enemies as long as in his dominions. That when he left Turkey he should be free to go where he pleased.

The Hon H Denny, Ex M C, more recently President of the Pittsburgh and Steubenville R R, died this A M of a lingering disease.

Steamboat Disaster—Great Loss of Life and Property.

Memphis, Jan 26

The steamboat De Witt Clinton, from New Orleans and bound for Pittsburgh, struck a snag eight miles below this city on the 25th, about four o'clock in the afternoon, and sunk in about two minutes after striking, in fifteen feet water.

All on board, except one woman and the others, were lost.

The Books and papers were saved.

The number lost is estimated from twenty-five to thirty.

The boat and cargo is a total loss, both of which were insured at Pittsburgh.

THE NEW-YORK TRIBUNE,
Daily, Semi-Weekly, and Weekly.

THE year 1852 commences with events of more than usual significance, and it is certain that other events equally momentous will mark its entire career.

The proceedings of Congress, its discussions and action upon the great question of our Foreign Policy, will, furnish the Extension of our lines of Steamers to the Sandwich Islands, Asia and Africa, the opening of a Railroad to the Pacific States and Territories, &c. will be watched with the deepest interest.

The Presidential Election takes place this year. The movements of both the great parties, the Conventions, the nominations and the canvass will engage to an unusual degree the attention and the feelings of the country.

The result of the struggles of the Hungarian leader and Exile and the approach of a mighty convulsion in which all the nations of the European Continent will be involved, will, if not at once settled, be for many years [illegible] matters of constant and longer interest.

The movements preliminary to this great convulsion, the intrigues of Russian diplomacy, the spasms of Austrian Despotism, French Revolutions, the outrages of Italian rulers, and, on this side the Ocean, Mexican Insurrections, California, Cold Discoveries, South American Civil War will add to the general sum of important events which will distinguish the year 1852.

All who desire to be promptly, thoroughly and richly informed upon these matters will find their views best met in the New York Tribune. Its arrangements for procuring early and accurate information are not surpassed, either in extent or perfection, by those of any journal in the world, and its readers may be assured that no expense or exertion will be spared to maintain and increase its present completeness and value as a newspaper.

In addition to the above named features we shall regularly publish the Letters of Bayard Taylor, one of the Editors of The Tribune, who is now exploring the unknown and romantic regions of Central Africa, and who before his return will visit the famous Oriental cities of Damascus and Bagdad, and examine the ruins of ancient Nineveh.

Postmasters taking charge of and forwarding us the money for a club of twenty will be entitled to a copy at Weekly prices.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the Clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S GREAT DYSPEPSIA CURER!

PEPSIN

THE TRUE DIGESTIVE FLUID, OR GASTRIC JUICE.

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, P.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

Half a teaspoonful of Pepsin, infused in water, will digest or dissolve Five Pounds of Roast Beef in about two hours, out of the stomach.

Pepsin is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig, in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid analogous to the Gastric Juice may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont on the Gastric Juice, obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurs as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician and is used as a Text Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the Stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for diseases of the Stomach, and deficient secretion of Gastric Juice.

All good medical works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of Pepsin, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Bilious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief. A single dose removes all the unpleasant symptoms, and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's Pepsin is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is not a secret Remedy, no objection can be raised against its use by Physicians in respectable standing, and regular practice. Price One Dollar per bottle.

OBSERVE THIS!—Every bottle of the genuine Pepsin bears the written signature of J. S. Houghton, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

Sold by all Druggists and Dealers in Medicine.

WISTAR'S BALSAM OF WILD CHERRY,

THE BEST REMEDY EVER KNOWN

TO MAN for Coughs, Asthma, Colds, Croup, Bronchitis, Influenza, Bleeding of the Lungs, Difficulty of Breathing, Liver Affections, Pain or Weakness of the Breast or Side, First Stages of Consumption, &c.

In this article, the Balsam is peculiarly adapted to every disease of the Lungs and Liver, which is produced in our ever varying climate.

WILD CHERRY has long been known to possess important medicinal properties. This is the famed tree to every matron in our land, and physicians often prescribe it in different forms for a variety of complaints. Its virtues have been equally noted [illegible] and some physicians, whose name are familiar to the whole country, have gone so far as to declare that even CONSUMPTION could be cured by this one. In other words, a generally safe and valuable remedy, not a fault to be [illegible] in some cases, and in the hands of—whatever may be previously obviated by patient experimenting and long experience.

The extraordinary medicinal power of this [illegible] in DR. WISTAR'S BALSAM OF WILD CHERRY. [illegible] is the process of action of which it [illegible] extraordinary [illegible] for all kinds of pulmonary [illegible] cases known [illegible] to convince all unbelievers that our theory is really true, we refer to a few cases of consumption [illegible] we-wonderful remedy.

Pleasant Ridge, Hamilton Co, O.,
September 27, 1850.

J. D. Park.—Dear Sir:—I take the liberty of addressing you this note, having derived from the use of Dr. Wistar's Balsam of Wild Cherry. I was protested by that terrible disease, Consumption, in May last. The attack was truly horrifying to me, for two of our family (brothers and sister) had died of Consumption. I was afflicted with a violent and distressing cough, and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was under the care of a skillful physician from the time I was taken sick until about six weeks since, but then I was about helpless, and my friends, as well as my self, had despaired of my recovery, and all had lost hope. I was at last beyond our Physician's skill and advised the use of Wistar's Balsam of Wild Cherry. Without my knowledge, my father procured it and commenced administering it to me, and from the first day I commenced taking it, my health improved, and in two weeks after that I commenced taking it, I was about to walk and my health has gradually improved and I have continued to use it, and I hope, which I still continue to use, I have taken four bottles, and the medicine, I am now considerably [illegible] healthy well. JEREMIAH SCRIGG.

Another astonishing Cure!

J. Kalb, a highly respectable merchant of Rushville, Fairfield county, Ohio, sent us the following voluntary tribute to

DR. WISTAR'S BALSAM OF WILD CHERRY.

Rushville, Fairfield Co, O., April 6, 1851.

Mr J. D. Park—Dear Sir:—I wish to state to you that my daughter, Amanda, aged fifteen years, had about a year since, a very severe attack of measles, which reduced her very much and left her with a racking cough. I employed all of the physicians within our reach for the purpose of removing her cough, but without success. She appeared to be sinking into a decline, with every symptom of consumption.

I then tried Dr. Rogers' Liverwort and Tar. But this aggravated her cough and gave her symptoms of a still more malignant character. I was now most seriously alarmed, and it was with terror that I from day to day saw the progress of that insatiable disease consumption. I really despaired of my daughter's recovery. But I providentially saw the certificate of Jonathan Conlen, whose daughter, Sarah Jane, was cured of consumption by Wistar's Balsam of Wild Cherry. This created a faint hope that it might help my daughter, and I immediately commenced using it, and in a short time received relief, her health was improved in the first bottle and by the use of two bottles of Wistar's Balsam of Wild Cherry, she was restored to perfect health, and she is not at all predisposed to a cough.

I will say to all that are afflicted with any disease tending to consumption: *Do not delay, but try Dr. Wistar's Balsam of Wild Cherry*; it will cure you if you will but try it.
F. KALB.

The genuine Wistar's Balsam of Wild Cherry has a facsimile of the signature of Henry Wistar, M. D., Philadelphia, and "Sanford & Park" on a finely executed steel engraved wrapper. None other can be genuine.

Milwaukee, July 1 1851

Troy Fire Insurance Company,
TROY, WALWORTH COUNTY, WIS.
CAPITAL $100,000.
The Directors feel grateful to the public for having thus early manifested their approval of and confidence in this Company. After having been in operation ten months, we are able to report as follows:

Whole number of Policies issued,	960
Whole amount of Property insured,	$5[illegible] 00
Whole amount of Cash premium	214 37
Whole amount of losses allowed and paid,	171 27
Balance of Cash Premium on hand	1843 10

IT is gratifying to the Directors to state to the members of this Company that the business has more than met their expectations and is rapidly increasing. This unparalleled success in the commencement, and in these days of [illegible] shows that our plan and management meets with the approval of the public.
The Charter and By-Laws are free from objections and provide that the risks shall be divided into two distinct departments, and the premium notes in one shall not be liable for losses in the other. The only risks taken in the Farmers' Department are on farm property, detached dwellings, country churches, school houses, stores, [illegible], and [illegible] shops. No hazardous risks will be taken in either department, nor more than $2,000 in one risk, or in a circle of eight rods.
The company possesses both the advantages of the Stock and Mutual plan. Any person insuring may pay at once and one half the regular cash premium in full without a premium note. Stores may be added or changed without additional [illegible] at any time, [illegible] without notifying the company. The Company will be responsible for the correctness of surveys taken by their Agents. Insurance may take effect on the day the application is made. The Company pays in case of fire the full amount of damage, not exceeding the amount insured, and all matters of difference may be settled by arbitration in the county where the loss occurs.
The rates charged by this company though low are based upon the actual results of insuring for the past twenty years, and are found to be sufficient, with prudent management, to pay all losses and expenses without ever resorting to the premium notes; thus the rates on exposed dwellings and farm property are a premium note of one per cent and a cash premium of fifty cents on each $100 for five years.
In publishing our safe, cheap, and popular plan of Insurance we deem it a duty to ourselves and the public to state a few existing facts with the Washington and Montgomery:—
The Washington County Mutual commenced in 1846, by collecting thirty cents on $100, in 1848 they first discovered that this was insufficient to pay losses, and raised to 33 cents, and now are collecting 50 cents on each $100; the result of which is, by their report, Jan. 1, 1850, $9000 in the treasury, and 68 million at risk, on which they will probably lose two hundred thousand, making their actual debt 191 thousand.
The Montgomery County Mutual is another example of bad management. They have been in operation a little longer than the Washington, and their report shows what the Washington is [illegible] coming to. They reported to the Comptroller, Jan. 1, 1850, that their losses and cash expenses had exceeded their cash receipts twenty nine thousand dollars, and fifteen thousand dollars claims unsettled, making debts and claims forty four thousand dollars, and some [illegible] millions at risk on which they will probably lose ninety thousand dollars more, making their actual debt one hundred and thirty four thousand dollars.
The cash premiums now collected by these two companies on what they insure in future will only pay losses on the same; consequently those insuring with them now not only pay for their insurance, but assume a portion of these enormous debts, which must be raised by tax. These companies are unpopular in New York, and are compelled to wander in the Valley of the Mississippi where they are not so well known for business. Arch Bishop and Lester Wilcox may publish as heretofore their firm belief that no tax will ever be necessary, but the figures are the things to judge from.
Since the above reports the Montgomery have levied a tax on their premium notes.
Now we would ask the public carefully which of these three companies it is to their interest to insure in, the Washington and [illegible] debt of $191,000, the Montgomery and a [illegible] of $134,000, or of the Troy, with an increasing cash fund sufficient to pay all losses and expenses without ever resorting to a tax.

STATE FAIR.
CRANE'S PATENT SOAP took the FIRST PREMIUM at the STATE FAIR at Janesville, also at the State Fair of the State of New York, and at the Great Fair of the American Institute. Of course it did, because it is the BEST SOAP IN USE. If any are still skeptical, let them read the following—the names to which ought to be sufficient evidence—and then try it for themselves, and if they don't succeed, they don't follow the directions.—
We have used CRANE'S PATENT SOAP in our families for the past eight months, and pronounce it fully equal to its recommendations. We do not discover that it injures cloth in the least. It is the cheapest soap in use. We should not willingly do without it.

PATENT MEDICINES.

Dr. Trasks Magnetic Ointment,
CAN now be obtained in this city of S. JOHNSON, Jr. and H. Bosworth & Sons, and of one or more Druggists or Merchants in most of the cities or villages of the West. The great and increasing popularity of this remedy is mainly attributable to its controlling power over acute inflammation and nervous irritation. From the best of evidence in our possession, from Physicians of the best standing, who have prescribed it, and from others who have been healed by it, we are satisfied that it will cure in some cases where no other known remedy will do it. This it has appeared to do in numerous cases of Chronic Sore Eyes and partial blindness, where the most eminent medical treatment had failed! For inflammatory Rheumatism, Burns, Freezes, Lacerated sores, Scald head, or for relief from a sudden stoppage of the pores of the skin by colds or fevers, a thorough trial will establish its claims to the confidence of the public. Our agents are supplied with circulars containing interesting details of its happy effects in many extreme cases.
☞ The attention of Physicians is respectfully called to a rigid scrutiny of the merits of this article.

A Word of Caution to the Public!
Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation, and the pamphlets a "BASE FORGERY," which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis Pain Killer will prosecute any person engaged in selling this spurious article, and is determined to protect himself and the public from this infamous fraud. Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds, such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c., all of which have been got up on the reputation of Perry Davis Pain Killer. The public are cautioned against these mixtures.

HOOFLAND'S CELEBRATED GERMAN
BITTERS,
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch st., Philadelphia.
Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.
These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.
READ AND BE CONVINCED.
[From the Boston Bee.]
The Editor said, Dec. 22d, "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."
SCOTT'S WEEKLY.
One of the best literary papers published, said, August 25.
"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."
The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."
Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."
The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."
The Daily News, July 24, says:—"A Medicine'—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."
The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."
That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.
LOOK WELL TO THE MARKS OF THE GENUINE.
They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

GREAT DISCOVERY.
JOHNSON'S CHEMICAL
HAIR INVIGORATOR,
To Prevent Baldness, and to Restore the Hair that has fallen off or become thin, and to cure effectually
SCURF OR DANDRUFF.
Prepared only by S. JOHNSON, 151 E. Water-st.
FOR THE TOILET,
THE INVIGORATOR is considered infinitely better than oil or grease for the hair, and is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture for the hair, never before attained, yet free from animal grease or essential oils. It clears the pores of the skin, causes a healthy action of the blood vessels, nerves, &c., which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff, and other cutaneous diseases, disposes the hair to curl, and keeps it so, will positively change the harshest hair into the most soft, healthy, glossy state, also imparts to it a darker color, and the free use of it will keep both the skin and hair in a healthy and luxuriant state until the latest period of life.
Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair. Nov 24 2m

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a
"Conformateur,"
from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience and annoyance, and actual pain they are subjected to in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away, as the Hats are made to fit perfectly the first time.
Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.
We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head, and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.
Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $1.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so with the confident assurance they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.
